**7th Annual
“Baby Bird Shower”
Can you Help?
White Flicker Rehab Clinic
Saturday, May 1
10:30 –2:30**

Its time again for our annual fund raiser for our local songbird rehab clinic. A baby robin falls out of its nest, or a bird flies into your window, what can you do? Well, lucky for us, White Flicker Wildlife Clinic, operated by Miriam Moyer, a fully licensed rehabber is located right here in Ambler. Check out the website at www.whiteflicker.org.

The mission of the clinic is to care for injured, ill or orphaned songbirds in order to return healthy birds back to the wild. Drawn to this profession by a love and concern for wildlife, it is a leap of faith to open such a clinic since there is no federal or state funding and no guarantee that donations will cover expenses. When they don't, Miriam uses her own personal income and fund raising events such as this one to keep it operating. When you bring a bird to the clinic, there is never a charge but there is always a cost. A baby robin requiring care at the clinic for 6 weeks can cost about \$50.

Seven years ago, the “baby bird shower” was born...a fun way to help the birds and a give back to our community. We will donate 10% of our sales that day and ask if you could help with a small donation (monetary or an item from the list below). “Little Bit” an Orchard Oriole and “Noca” a female Cardinal will be here for you to meet - they both have a sad story, but a happy ending. Neither can be released back in to the wild, but are used in educational settings such as this. Come meet Miriam, ask questions and learn more. Make a donation of any kind and receive a coupon good on a future purchase at Wild Birds Unlimited.

The following are some needed items:
